EASA AIR-OPS Emergency Medical Kit

- Airbus cross fleet approval
- ETSO Approval under technical specification TS 40.400/2TS
- In compliance with EASA AIR-OPS
- In compliance with FAR 121, subpart X
- In compliance with ICAO, part I
- In case of other needed requirements Innovint can provide a compliance analysis.

Anticipated shelf life is 12 months, which may be reduced down to 9 months due to the availability of medicine production lots. Latches can be sealed by tie-wraps, plombs or lockers.

The Emergency Medical Kit PNR 6240-22/-62 has been assembled to the statutory requirements of EASA AIR-OPS. In addition the kit covers FAR 121, subpart X and ICAO, part I as well. The lower compartment is divided into sections grouping the items by medical subject. The kit is manufactured of aluminum sheets (coated in gery) and aluminum sections.

The bracket PNR 6240-01-001 allows installation of the kit at any location. It has been tested in our approved testing facilities for use in all directions (9g).
