25 60 00

Single Aisle **First Aid Kit**

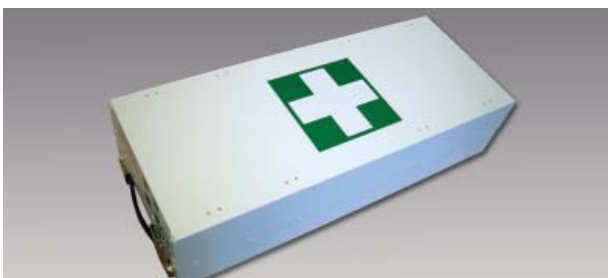

- Airbus cross fleet approval
- Boeing basic approval
- ETSO Approval under technical specification TS 40.400/2TS

- In compliance with EASA AIR-OPS
- In compliance with FAR-121, subpart X
- In compliance with ICAO, part I
- Content exceeds named regulations

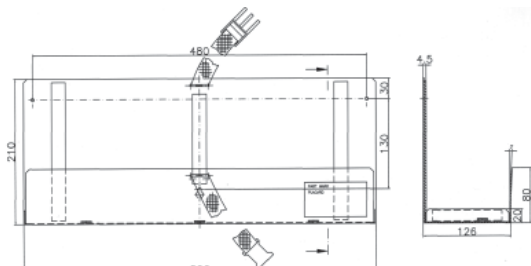

Anticipated shelf life is 18 months, which may be reduced down to 12 months due to the availability of medicine production lots. Latches can be sealed by tie-wraps, plombs or lockers.

PNR 6240-35 • First Aid Kit standard body

PNR 6240-45 • White powder – coated

PNR 6240-05-001 • Bracket

These First Aid Kits have been assembled to the statutory requirements of EASA AIR-OPS. In addition the kits cover FAR 121, subpart X and ICAO, part I as well. They are especially designed to be stored in the overhead stowage compartment, taking as little space as possible. PNR 6240-35/-65 is manufactured of aluminum sheets (coated in grey) and aluminum sections.

PNR 6240-45/-46 is made of a more light weight box (coated in white).

The bracket PNR 6240-05-001 allows installation of the kit at any location. It has been tested in our approved testing facilities for use in all directions (9g).
